DETAILS

Address
Dutsen Kura Guari Minna. Niger State. Nigeria.

Nationality
Nigerian

Date of Birth
7th January 2000,

EDUCATION

Federal University of Technology Minna

Bachelor of Engineering- B.Eng., Mechatronics Engineering.
First Class Honors. CGPA: 4.85/5.00

Sep 2017 - Dec 2023

My Profile

Highly motivated career driven achiever with a first-class honor in B. Eng. Mechatronics Engineering having a high passion for tech to which as a result, gained five(2+) plus years experience in software design and development consisting of web, desktop mobile and backend applications to become the brain-storming hub of any organization by utilizing my managerial competence, capabilities, problem-solving skills, experience and team playing skills to provide solutions to immediate challenges being faced by the organization and also to contribute remarkably towards the growth and development of the organization and the world at large.

EXPERIENCE

VLADEN Technologies LTD.
- Building an interactive pixel perfect UI application that offers aids businesses in performing their day to day financial operations.
- Worked in a well balanced agile team of UI/UX designer, backend, frontend and Devops engineers in achieving the solution.
- Built the platform with popular/ maintainable JavaScript and CSS framework such as Next.ts, Shadcn UI and tailwind.css

Binarify LTD.
Worked as a contract full-stack developer in developing the following project:
1. FUT ICS: In-school transportation application. Handled frontend and backend of the project.
2. NSTA: A transport solution to be used within a state which was built on react.js, sass and express.js for the backend.
3. Davis K. : Portfolio website test version (done with react).
4. Halal match maker: A dating application. Handled frontend and backend of the project.

SKILLS

- HTML
- CSS
- JavaScript
- Typescript
- Tailwind CSS
- Mantine UI
- Shadcn UI
- Zod
- React Hook Form
- React.js +Redux
- Next.js
- Cordova
- Version Control (Git/Git-hub)
- Nodejs /Express js
- MongoDB
- Vercel & Render deployment

2+ years Experience

LANGUAGE

English

Zuri HNG-9

- I was involved in interpreting figma designs into pixel perfect interactive pages for both desktop and mobile screens.
- The last 6 stages involved development of a full fledged web application whose purpose was to deliver a Todo application with a human virtual assistant.
- I was involved in a team that built the application to completion and collaboration was done by the use of Git and GitHub.
- Worked in an agile team to deliver required deliverables within the sprint duration and linear was used for task managment.

Ultimate Techie Internship

Developed a rentals manager application UI. Which enables booking of hotels and apartments for rent. Built with sass (a postcss variant) and react (an advanced JavaScript library) and framer motion to power animations and illustration.
